## Goitre 31 Years

Tenacious Chronic Case Gives Way to Hood's Sarsaparilla.

"Thirty-one years ago, after dangerous illness, my neck began to swell. It did not give me any trouble, except the deformity, for many years. About ten years ago it commenced to pain me and it took me a long time to get it cured."

Terrible Choking Spells.

Even my people thought my last hour had come. I read of a lady in Kalamazoo, Mich., who had been cured of goitre by Hood's Sarsaparilla and immediately began to take this medicine, using several bottles. My neck measured 21 inches last year. It is now 16 inches.

Hood's Sarsaparilla Cures

May against 16 inches now. It is a wonder and astonishment to my friends and neighbors, for I was growing worse all the time and no one thought I could live through the winter. All thought a cure impossible as I am 64 years of age. MRS. MARY HINKLEY, Frederick, Iowa. Take only Hood's.

Hood's Pills cure all liver ills, biliousness, headache, etc.

## PROVO REDEEMED.

The Honest People Have Read "The Record."

AND THE RESULT IS

Six Democrats in the Council, and a Democratic Marshal. The County is Also Democratic—Judge Wilson Elected—Other Election News.

The election is now over and the returns so far as in, leaves the result of the contest in the territory in doubt as to the state ticket with the prospect of Caine and Roberts being elected.

The following are the officers of the city for the ensuing term and shows a decided gain for democracy in the complexion of the city council. With the majority of the councilmen democratic and a democratic marshal we can say this has been a democratic year so far as Provo is concerned.

Mayor—L. Holbrook, R., 121 majority.

Recorder—Lars L. Nelson, R., 175 majority.

Treasurer—J. T. Farrer, R., 126 majority.

Marshal—S. W. Sharp, D., 42 majority.

Justice of the Peace—A. Saxey, R., 44 majority.

Councilmen—Roger Farrer, D., 20 majority.

Thos. Beasley, D., 20 majority.

H. J. W. Goddard, D., 9 majority.

D. R. Beebe, R., 23 majority.

Myron Tannet, R., 30 majority.

George T. Peay, R., 54 majority.

W. J. Lewis, R., 10 majority.

Thos. Martin, D., 9 majority.

H. B. Smart, D., 16 majority.

Myron Newell, D., 21 majority.

The following shows the vote of the county for congressman and governor.

Spring Lake—Caine, 22; Wells, 14; Roberts, 21; Allen, 15.

Thistle Junction—Caine, 7; Wells, 40; Roberts, 7; Allen, 40.

Lehi—Caine, 233; Wells, 274; Roberts, 229; Allen, 271.

Santaquin—Caine, 127; Wells, 45; Roberts, 127; Allen, 45.

P. V. Junction—Caine, 2; Wells, 17; Roberts, 2; Allen, 16.

Payson—Caine, 216; Wells, 197; Roberts, 227; Allen, 192.

Springville—Caine, 300; Wells, 318; Roberts, 316; Allen, 311.

Payson—Caine, 216; Wells, 192; Roberts, 227; Allen, 192.

Spanish Fork—Caine, 310; Wells, 179; Roberts, 309; Allen, 180.

American Fork—Caine, 193; Wells, 246; Roberts, 200; Allen, 230.

Benjamin—Caine, 32; Wells, 41; Roberts, 30; Allen, 21.

Vernal—Caine, 26; Wells, 25; Roberts, 30; Allen, 21.

Lake View—Caine, 29; Wells, 19; Roberts, 29; Allen, 19.

Provo—Caine, 484; Wells, 484; Roberts, 484; Allen, 484.

Salem—Caine, 62; Wells, 75; Roberts, 52; Allen, 75.

The votes for the legislative candidates in the county are so far as reported senators—Evans (D.), 2489; Warner (D.), 2501; Booth (R.), 2404; Cutler (R.), 2491.

Representatives—Roylance (D.), 2477; Larsen (D.), 2483; Lammons (D.), 2479; Smoot (D.), 2491; Simons (R.), 2488; Thorne (R.), 2497; Brinkhurst (R.), 2489; Graham (R.), 2474; with Graham, Clinton and Highland to be heard from. Goheen gives the democrats 9 majority, and estimating Clinton and Highland at the republican majorities of last year the entire county democratic ticket is elected.

From all reports received, but which have not been so full as those above, Superintendent of schools, Christensen will run ahead of his ticket.

E. A. Wilson is surely elected judge of the Fourth Judicial District, and the returns have not come in from Utah and Wasatch counties, but sufficient information has been received to give him about 18 majority, with no possible chance for him to be defeated.

The vote for the constitution is very large, about 90 per cent.

COLORADO—Elections in Denver conceded to the populists by a small majority.

Iowa—Claimed by republicans by 66,000, and conceded by democrats at 3,000.

ILLINOIS—Elections in Chicago carried by republicans with about 30,000 plurality.

KANSAS—Returns from counties indicate republican majorities of from 200 to 3,000.

KENTUCKY—Hardin (dem.) elected by about 2,700 majority.

MARYLAND—Reports place the republican majority at from 5,000 to 15,000.

MASSACHUSETTS—Republican majority about 61,000.

MISSISSIPPI—Democratic majority of 35,000 to 50,000. Populist vote about 7,000. Lewis fought on a lever, and the result is a victory for the bi-metallic.

NEW YORK—Republican plurality over state at large about 70,000; outside of King county and New York city, 119,000.

NEW JERSEY—Conceded to the republicans by about 20,000.

NEBRASKA—Returns vague. Republicans claim by small majorities.

PENNSYLVANIA—Hayward, leading the republican ticket, as treasurer, elected by about 150,000 plurality.

OHIO—Republicans claim 111,000 plurality and 114 members of legislature against 35 democrats.

VIRGINIA—Republicans make gains through a combination of populists and republicans on the "fairer election" issue.

NEW JERSEY.

ABSOLUTELY PURE

election in New York for the reason that official figures are not to be had, and also for the reason that Essex county is conceded to be the pivotal point in the absence of trustworthy figures. Both sides claimed to have carried the county, the democrats claiming a majority of 2000 and the republicans a majority of 8000.

Chairman Murphy, chairman of the state republican committee, claims to have figures from twenty-one counties of the state which give Griggs 15,000. On the other hand, Edward Young, chairman of the democratic committee, claims the state for McGill by 5,000 to 10,000 plurality. It is certain, however, that the republicans have elected four of the seven senators, this is not material, as the senate would still be republican, even though the democrats were to elect all seven.

There has been an altogether unexpected slump on both sides of the fight for Assembly, thus leaving the complexion of the next lower branch of the legislature still in doubt. The chairman of the Moyer county democratic club conceded the state to the republicans by from 10,000 to 15,000.

DENVER DOUBTFUL.

DENVER, Colo., Nov. 5.—Only county elections were held in Colorado. Weather fine and vote light. In Arapahoe county the fight was between the republicans and taxpayers, the republicans on the latter ticket for principal officers also being on the populist and other tickets. The vote is very close. The news (taxpayer) claims the election of sheriff, treasurer and assessor, with good prospects for the rest of the ticket. The republican (rep.) says the republican ticket will be elected by a small plurality.

At midnight it looks as though the republican ticket in this county is defeated, in part at least, by the taxpayers' ticket, which was mostly endorsed by the populists. On straight tickets have been counted so far and they are almost evenly divided. The scratched tickets are thought to be in favor of the taxpayers, though both sides claim the victory.

MISSISSIPPI MAJORITY.

JACKSON, Miss., Nov. 5.—The weather today throughout the state was clear and warm, but the indications are that the vote will be close. The republican ticket is estimated to have from 35,000 to 50,000. The populists did not receive more than 15 per cent. of the total vote. In this city 349 votes were polled, being less than half the registered voters. Burkett, populist candidate for governor, got 14 out of this number, and the remainder went to McClarnin, the democratic candidate.

The campaign just closed was on free silver against the gold standard and the result is a complete victory for the free silverites.

ENCOURAGING SIGNS.

They relate to the Business Outlook and Are Seen by the Coal Barons.

At the Fifth Avenue hotel yesterday and at the Hamburg-American dock in Hoboken there was a large gathering of Eisenbergs, Kemmerers, Wentzes, Richters and other "coal barons" of the Lehigh valley to say goodbye to Mr. E. B. Leisenring, president of the Lehigh Coal Navigation company, whose failing health has at length caused him to lay down the immediate supervision of his vast business interests and go to Europe for recuperation and recreation.

Talking with these coal barons, I was much interested to find that they are taking a very hopeful view of the business situation and that quite apart from the fact that the great anthracite coal industry in which they are more specially interested has had more than its share of prosperity during the long season when the bituminous coal regions all over the country were blighted by a strike of most comprehensive proportions.

Mr. M. S. Kemmerer said that the most encouraging sign to his mind was the improvement in the iron industry, a branch of business closely allied to coal mining, and the two together having much to do with the general prosperity of the country. A day or two ago came an order from Brazil for the manufacture of 60 locomotives, a big thing in itself, since the building of locomotives has been practically suspended for a long while. At the Schenectady works orders from American railroads are coming in for railroad iron. At Bethlehem, where little beyond the manufacture of armor plate for the government was being done, there is perceptible activity, and one of the great iron companies has booked more orders within the last six weeks than in the preceding six months.—M. ## RAILROAD STRIKE

This Time it is on the Great Northern.

TRAINS ARE TIED UP.

At Devil's Lake and Other Places—The City Authorities of Devil's Lake Take a Hand—Corbett Will Fight no More.

ST. PAUL, Minn., Nov. 5.—A special from Devil's Lake, N. D., says. Since the strike was ordered no freight trains have departed, and but one has arrived. The latter was a limited ore from the east. Passenger trains are not interfered with.

Mayor Kelly and the city council are determined that no such disgraceful scenes as were enacted in the last strike shall occur. The business men generally are provoked and disgusted with the state of affairs. The elevators are full to their capacity with wheat, and unless cars are furnished promptly they will not be able to take in more grain, which will cause a complete stagnation in business and jobbers will quickly feel the effects, as country merchants will be unable to meet their obligations at once.

The strikers are quiet and orderly and have made no action toward interfering with their fellow employees. The men simply refuse to answer the calls. They seem to be determined. Minneapolis, Minn., Nov. 5.—There are some threatening aspects in the Great Northern strike situation, which lead to the belief that the strike may become general among the A. R. U. The discharge of Engineer William West, the hero of the Hunkley fire at West Superior, is very distasteful to the men. West was president of the A. R. U. at that point and a member of the grievance committee.

A devil's lake N. D. special says: The strike went into effect at 2 o'clock this morning. Train No. 15, last freight arrived this morning and is still standing on the side track. Three engine crews responded to the call of the foreman, but so far no train crews have been secured. Only part of the engine crews are out. The city council adopted a resolution last night declaring in case of a strike the company's property and its operation of trains would be protected at all hazards. This was voted President Hill. In view of the fact that Devil's Lake was the strike center in the last strike, this is deemed significant.

Kalispell, Mont., Nov. 5.—Roy Goodwin, director of the A. R. U., who has just been released from jail, refused to be sentenced by the United States court, with E. V. Debs and others, called a meeting of that order last night. Only ten members of the Kalispell division were present, the balance being men who have been discharged from the service.

It was voted to strike and Goodwin called the strike to take effect at 11 p. m. At the appointed hour the train crews responded promptly and when it was announced that the strikers had called a strike they took a strong stand in favor of the company and expressed a determination to defeat the strike. Goodwin was denounced as an agitator, unworthy of notice. His anarchist speech at Spokane a few days ago lost him any sympathy he may have enjoyed among the railroad men. All the trainmen, freight and passenger engineers, dispatchers and trackmen kept at work and volunteered their united support to the company. They have no grievance. The only railroad men in active service who went out on the Kalispell division are three firemen, one engineer and one section boss. The others are about thirty, are discharged section men.

At midnight a mob of fifty strikers went to the roundhouse, killed all the engines and pushed a car into the turntable. Sheriff Baldwin soon patrolled the track with deputies and guarded the strikers.

Superintendent Ryan acted promptly and set about to end the strike. Warriors were sworn out for Goodwin and other ring leaders at 4 a. m. Goodwin was arrested.

AGAINST WOMAN'S SUFFRAGE.

BOSTON, Nov. 5.—The hopes of the friends of female suffrage have been buried beneath an avalanche of ballots. Hardly a town that voted, shown a majority in favor of the proposition to grant suffrage to women in municipal affairs. A fair estimate of the result would be three votes against female suffrage to one in its favor.

HIS LAST FIGHT.

MEMPHIS, Tenn., Nov. 5.—James J. Corbett said to a representative of the Associated Press last night: "I do not believe that there will ever be another fish prize fight in public in the United States. The public sentiment is too strong to overcome, and the days of great fish, carnivals are over, to come no more. There may be sparring exhibition and a few fish fights in private, but there will be no championship battles in public."

"I have fought my last ring battle, and in future will devote my time and talents to the theatrical profession."

WORSE THAN DEATH.

System of Reflected Torture That Kills In Three Years.

Though the death penalty was practically abolished in Belgium over 30 years ago, the punishment of those convicted of capital crimes is so awful that none has yet been able to endure it more than three years. Another curious thing is that little Belgium until recently had two public executioners, while but one was sufficient for her vaster neighbor, France—Deliber, otherwise known as "M. de Paris." The king of the Belgians recently ordered the retirement on a pension of 1837 francs of the "executioner of high works" (as he is euphemistically termed), who was stationed at Liege. The executioner at Brussels still holds his place.

The duties of public executioner in Belgium are singular, but not arduous. The courts still continue to sentence malefactors to death, but the guillotine has been replaced by a scaffold on which is posted a copy of the sentence. Much ceremony is observed in affixing this document. A troop of gendarmes, with their imposing helmets plumed with horsehair, is drawn up about the place of execution, which they guard with sabers drawn, while the condemned executioner mounts the steps, nails up the decree of the court and after a moment takes it down again.

But the condemned man might more mercifully have perished by the axe or rope. He is placed in a dungeon so constructed that from the moment he enters it he will never hear the sound of human voices nor see a living being. His food is passed through a sliding panel in the door of his cell.

Not one of these prisoners has been able to survive this confinement more than three years. The authorities have striven in vain to prolong their lives by varying their food as much as possible, but those who are moderately or lightly nourished gradually waste away, while those who are generously fed go mad and die raving maniacs.—New York World.
